Dear Gary, Mark 8/13/90

Thanks for the news stories in today's mail.

Glad to see that Golz is back on a good paper. Last I heard from him he was considering an offer to edit some weeklies not far from here.

I write in haste on the chance that someone comes who can mail this in town. I can't leave. And I write on the chance you may want to, or your people, may, speak to the state AG, who says he will look into White's allegations.

He will be limited, it seems to me, to repeating what the police, FBI and Warren Commission have already said and they will be in White's position, saying we are right because we say we are right.

If Mattox wants to lay this canard in the grave it deserves I can do it for him.

In addition to what I had earlier and your clippings I have but have not yet looked at - also came today - what I think is what AP filed. May have quotes the local papers didn't carry.

Again thanks and best wishes,

Harold
